FOUNDATION PROGRAM

UBT provides a Foundation Year that is oriented for students who still have difficulty in mastering the English/Albanian language or who do not feel quite confident yet to go straight to the BA level.

The program for the foundation year is not limited to teaching the language, but it aims to also enable students to learn all the tools needed to conduct academic research and how to deliver professional presentations.

The main purpose of the Foundation Year is to fully prepare students to enter UBT's Bachelor programs or programs at other colleges/universities.

The academic year is composed of 3 terms covering a total of 30 weeks. All students must take a placement test (online placement test) to ascertain their level of English/Albanian. During each term, There will be continuous assessment and at the end of each term, there will be an examination.

The program is delivered by highly qualified and professional staff.

More info

FIRST TERM

Focuses mainly on the **four components of English/Albanian-learning: reading, writing, listening and speaking**. Developing these skills will give individuals the necessary level of English/Albanian to be successful. Therefore, every student will and should be able to continue into the second half of the academic year.

SECOND TERM

During the second term, the English/Albanian classes will concentrate on study skills to improve the student's ability to take notes, to give presentations, use analytical and critical abilities, and to attend conferences. Students will be equipped with the necessary qualifications for the development of independent study skills.

THIRD TERM

In the final term students will review the past 2 terms. UBT offers additional courses in Academic Writing skills and also Personal Development, which provides students with additional skills like time-management and organization.
